# APPEAL BOARD DECISION

APPEAL OF THE DECISION OF THE DIRECTOR'S ORDER UNDER SECTION 157 OF THE FAIR TRADING ACT

TO

BACKUP CONSTRUCTION INC.,

AND

KEITH SEVERSON, (DIRECTOR)

AND TO

ANY EMPLOYEE, REPRESENTATIVE, OR AGENT OF BACKUP CONSTRUCTION INC. OR KEITH SEVERSON

## BACKGROUND

1. Director of Fair Trading (as Delegated) made an Order under section 157 of the *Fair Trading Act* (Alberta) (the "*Act*") on June 28, 2013 that:

    - Backup Construction Inc. must immediately cease entering into prepaid contracts (taking down payments, deposits or progress payments before the work is fully completed) with residential consumers until licensing requirements have been met and must ensure all prepaid contracts include the terms required by the *Fair Trading Act*.

    - Keith Severson, either in his own capacity or when acting on behalf of a corporation in which he has an interest or by which he is employed, must immediately cease entering into prepaid contracts (taking down payments, deposits or progress payments before the work is fully completed) with residential consumers until licensing requirements have been met and must ensure all prepaid contracts include the terms required by the *Fair Trading Act*.

    - Any employee, representative, agent or associate of Backup Construction Inc. or Keith Severson must immediately cease entering into prepaid contracts (taking down payments, deposits or progress payments before the work is fully completed) with residential consumers until licensing requirements have been met and must ensure all prepaid contracts include the terms required by the *Fair Trading Act.*

2. By correspondence dated July 25, 2013, Counsel for Backup Construction Inc. and its owners indicating his client's wish to appeal the Director's order outlined in paragraph 1 above. The grounds for the appeal are summarized as follows:

    i. That the regulation defining certain businesses as "Designated Businesses" to which the *Fair Trading Act* apply exempts "professions or callings" which the *Apprenticeship and Industry Training Act* applies. Counsel submits that Backup Construction Inc. is an apprentice carpentry business and its owner and primary contractor, Keith Severson, is an apprentice carpenter. As such the Designated Business Regulation under the *Fair Trading Act* does not apply including the prepaid contracting and licensing regulation.

    ii. That the wording of the Director's Order outlined in number 1 above should include the wording set out defining prepaid contracting business and the designation of trades and business regulations "the activities of soliciting, negotiating, or concluding in person, at any place other than the seller's place of business, a prepaid contract"...

3. Pursuant to section 179(2) of the *Act* on the 9th day of August 2013, the Deputy Minister of Service Alberta appointed Mr. Ronald William Dutchak, QC (Chair), Ms. Caren M. L. Mueller and Mr. Rick Kowalik, to form an Appeal Board to hear the appeal of the Director's Order within ten months of the date of the appointment of the Appeal Board and that the Appeal Board give it's written decisions not more than 45 days after the conclusion of the hearing of the Appeal.

4. Counsel for the Director and Counsel for the Appellants agreed to proceed with the Appeal on an Agreed Statement of Facts. The Agreed Statement of Facts was agreed to on the 18th day of March 2014 (a copy of which is attached hereto as Schedule "A") to this Appeal Board Decision.

5. Pursuant to sections 179(1) and 179(8) of the Act, this appeal is "... a new trial of the issues that resulted in the decision or order being appealed." The evidence on which the appeal proceeded is as set out in the Agreed Statement of Facts and was heard on April 23, 2014. No other evidence other than set out in the Agreed Statement of Facts was presented at the Appeal Hearing.

**Agreed Facts**

The facts set out in the Agreed Statement of Facts submitted on behalf of the parties include the following:

6. Backup Construction Inc. ("Backup") does not hold a prepaid contractor's license (paragraph 16).

7. Keith Severson attended at the home of Cory and Tashia Baumle (the "Baumles") and provided a written estimate from Backup for home renovations including painting, framing, flooring, tiling, plumbing, lighting and electrical work, totalling $38,718.75. On the basis of the written estimate the Baumles verbally engaged Backup and no further written contract was prepared. (paragraph 6-8)

8. The Baumles made three "progress payments" of $10,500.00 each to Backup for the work on their house prior to work being complete. (paragraph 10-12)

9. After the work was completed, the Baumles were presented with the invoice from Backup outlining work done including a list of "extras" they were added and identifying the sub-contractors who worked on the job. (paragraph 13)

**The Law – prepaid contracting business licenses**

10. Under part 10 of the *Fair Trading Act*, the Lieutenant Governor and Council may designate businesses and require any person who wishes to engage in that business to hold a license (see section 103 and section 104)

11. The *Fair Trading Act* defines a "Designated Business" as a trade business industry employment or occupation to which this part is made applicable by regulation under section 103 (*Fair Trading Act* section 102(b))

12. Under section 103(1), the Lieutenant Governor may choose to limit or widen the scope of what is covered under the particular "Designated Business".

13. The "designation of trades and business regulation", AR 178/1999 section 5 (the "Designated Regulation") defined "prepaid contracting" business requiring a license under part 10 of the *Fair Trading Act* to be "the activities of soliciting, negotiating, or concluding in person, at any place other than the seller's place of business, a prepaid contract..." (see designation regulation section 5(2)(c).) The Designation Regulation goes on under section 5(2)(b) to define a prepaid contract "is a construction or maintenance contract in which all or part of the contract price is to be paid before all the goods and services called for in the contract are provided. "Further under section 5(2)(a) of the Designation Regulation, a construction or maintenance contract is a contract for the purpose of "constructing, altering, maintaining, repairing, adding to or improving a building that is used or to be used by the owner, occupier, or person in control of it as the owners, occupiers or persons own private dwelling or a structure to be used in connection therewith."

14. The prepaid contracting business license regulation, AR 185/1999 (the "licensing regulation") provides for the requirements of prepaid contracts (section 10) to be in writing, and include all items required by section 35 of the *Fair Trading Act*. Including the place where the contract is made, cancellation rights, itemized prices of goods and services, the terms of payment and the commencement and completion dates.

15. Section 103(2) of the *Fair Trading Act* restricts the application of part 10 and provides a list of exemptions which the Lieutenant Governor and Council may not designate including "(b) professions or callings to which the *Apprentice and Industry Training Act...* applies" and "(d) the occupation of a farmer, a rancher, a farm laborer, a domestic servant, or an unskilled laborer".

**Appeal Board Findings**

16. Backup Construction Inc. is a Corporation performing a business as contractor and general contractor (Agreed Statement of Facts paragraph 3). The work performed by Backup for the Baumles include carpentry work, plumbing, electrical, tiling, flooring, painting, and project management. This work did not solely consist of activities within the carpentry trade, as outlined in s.3 of the *Carpenter Trade Regulation*, AR 267/2000. Backup hired subcontractors to carry out parts of the work.

17. Payment was required to be made by the customer before all the work on the contract was complete and the contract with the Baumles by Backup was a "prepaid contract" as provided for on the "Designation Regulation". The contract was negotiated at the consumer's residence for work on that residence and Backup was engaged in prepaid contracting business as provided for under the *Fair Trading Act.*

18. Backup Construction Inc. or Mr. Severson was required to hold a prepaid contracting business license as required under part 10 of the *Fair Trading Act* which they did not have (Agreed Statement of Facts paragraph 16).

19. The exemption under section 103(2)(b) of the *Fair Trading Act* refers to "professions or callings" to which the *Apprenticeship and Industry Training Act* applies. The term "professions or callings" does not "encompass a conduct of a business" as only individuals may have a "profession or calling" whereas both individuals and companies may carry on a type of "business". The intention of the regulation is further supported by looking at the wording under section 103(2)(a) and (c) which specifically prohibit the designation of "businesses" whereas section 103(2)(b) does not mention business and is very restricted in scope.

20. This conclusion is reinforced by section 4 of the "licensing listing regulation" which states:

> If, in the opinion of the Director, the Apprenticeship and Industry Training Act applies to the operation of the business for which the licence is sought, the Director may require an applicant for a license to furnish proof satisfactory to the Director that the applicant has complied with the Act.

21. At the Appeal Hearing, there is a reference by Counsel for the Appellant to the case of the Her Majesty the Queen and Schulz, 2003, ABPC 13(SCHULZ)(Schulz) in which that case made reference to "unskilled laborers" (paragraph 7 and paragraph 76.) The inference being that somehow the obiter comments of the Honorable Judge R.A. Jacobson has some relevance to this appeal. As the Notice of Appeal did not raise the issue of "unskilled labor" as defined in section 103(2) of the *Fair Trading Act* nor was it referenced in the Agreed Statement of Facts, this Appeal Board finds it has no application to the case before it.

**Order of the Appeal Board**

1. That the Director's Order under section 157 of the *Fair Trading Act* to Backup Construction Inc. and Keith Severson Director and to any employee, representative or agent of Backup Construction Inc. or Keith Severson be amended as follows:

    - Backup Construction Inc. must immediately cease entering into prepaid contracts (taking down payments, deposits or progress payments before the work is fully completed) at any place other than the seller's place of business with residential consumers until licensing requirements have been met and must ensure all prepaid contracts include the terms required by the *Fair Trading Act.* – added portion underlined

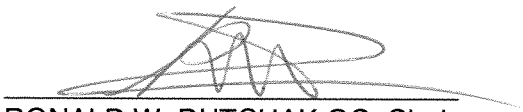
    - Keith Severson, either in his own capacity or when acting on behalf of a corporation in which he has an interest or by which he is employed, must immediately cease entering into prepaid contracts (taking down payments, deposits or progress payments before the work is fully completed) at any place other than the seller's place of business with

residential consumers until licensing requirements have been met and must ensure all prepaid contracts include the terms required by the *Fair Trading Act*. – added portion underlined

- Any employee, representative, agent or associate of Backup Construction Inc. or Keith Severson must immediately cease entering into prepaid contracts (taking down payments, deposits or progress payments before the work is fully completed) at any place other than the seller's place of business with residential consumers until licensing requirements have been met and must ensure all prepaid contracts include the terms required by the *Fair Trading Act*. – added portion underlined

2. In all other respects pursuant to section of 179(6) of the Act, The Appeal Board, hereby confirms the Director's order of June 28, 2013.

**DATED** this 6th day of May, 2014



RONALD W. DUTCHAK QC, Chairman

on behalf of the Appeal Panel
Consisting of Mr. Ronald W. Dutchak, QC
